

PERSONAL INFORMATION

Name:	Martí Vera Marsal
Date of birth (DD / MM / YYYY):	09 / 05 / 2000
Sex:	Male
Nationality:	Spanish (Catalan)
Mobile phone number:	+34 658 06 68 12 +1 (213) 656 2821
Email address:	martiveramarsal@gmail.com
Website:	https://linktr.ee/marti.vm

SUMMARY

Architect with international education and professional experience across Europe, Asia, and the United States. Having lived and studied in Barcelona, Basel, Moscow, Miami, Lima, Seoul, and Los Angeles, I bring a cross-cultural perspective that shapes both my design process and collaborative approach. My work bridges technical precision and conceptual inquiry, combining computational design, representation, and theory. Having contributed to the structural development of the Sagrada Família's Glory Facade, I pursue architecture as a medium of experimentation, cultural awareness, and evolving perception.

WORK EXPERIENCE

Max Hooper Schneider Studio — Architectural Designer

Los Angeles | 2026 - Present

Design and model synthetic landscapes for immersive art installations across multiple projects.

Lead rendering and visualization primarily in Blender, integrating AI tools into the workflow for concept imagery and to accelerate modeling and asset-generation pipelines.

2BMFG Architects SLP — Junior Architect

Barcelona | 2022–2024

Contributed to the parametric development and structural analysis of the Glory Facade of the Sagrada Família.

Developed Grasshopper and Rhino scripts for geometry optimization and structural representation.

Collaborated with teams in Catalan and English, assisting in digital modeling and documentation workflows.

RBTA Ricardo Bofill Taller d'Arquitectura — Intern Architect

Barcelona | 2022

Assisted in the *Salle de Conférences* project for the Mohammed VI University (Phase III), located in Ben Guerir, Morocco.

Produced and maintained detailed Revit models, technical drawings, and visual presentations.

Supported coordination in Spanish and French.

EDUCATIONAL EXPERIENCE

Southern California Institute of Architecture (SCI-Arc) — MS Design Theory and Pedagogy

Los Angeles, CA, USA | 2025–2026

Southern California Institute of Architecture (SCI-Arc) — MS Synthetic Landscapes

Los Angeles, CA, USA | 2024–2025

Thesis Project for Synthetic Landscapes: The Surreal Frame

Exploration of recursive landscapes and object-worlds that reimagine surrealism through computation, layering, and ontological ambiguity. The project reinterprets landscape as a representational medium rather than a site.

GPA: 4.0

Escola Tècnica Superior d'Arquitectura de Barcelona (ETSAB-UPC) — Bachelor of Architecture

Barcelona, Spain | 2018–2024

Undergraduate Thesis: Seismic Design of Complex Geometries

Research on the structural behavior of irregular forms, including interviews with David Ruy and Nils Becker, Toyo Ito's Barcelona project manager.

Average grade: 6.9

Hanyang University — Exchange Program

Seoul, South Korea | 2021–2022

Average grade: 9.4

OTHER SELECTED PROJECTS & RESEARCH

Altadena Fire Scans (2025)

Digital research project involving 3D point-cloud scans of fire-damaged houses in Los Angeles. The work investigates memory, destruction, and representation through computational reconstruction, contributing to the ongoing discourse on architecture and perception in post-digital contexts.

Research Project of an App for Hospitalized Children at Sant Joan de Déu Hospital (2018)

Design of a digital platform for pediatric social interaction, fostering empathy and communication among patients.

Final grade: 10.

Tutor of Mathematics, Physics, and Technical Drawing (2017–2019)

Private tutor for upper-secondary students preparing for university-level entrance exams.

Cultural Programs & Exchanges

Academic exchange in Lishui, China (2018)

Two-month language and culture stay in Tokyo, Japan (2019)

COMPLEMENTARY STUDIES

Design & Modeling: Blender, Rhino, Grasshopper, Unreal Engine, AutoCAD, Revit

Representation & Editing: Photoshop, InDesign, Illustrator, Premiere Pro

Productivity: Microsoft Office Suite (Word, PowerPoint, Excel)

Certificates: Cambridge University English Certificate – Level C2 (Proficiency)

Driver's Licenses: A (motorcycle), B (car)

LANGUAGES

- Catalan (native)
- Spanish (native)
- English (native / C2)
- French (Intermediate - B1 level)
- Japanese (Basic - 3 years of study)
- Korean (Basic - 1 year of study)

INTERESTS

Sports enthusiast with a background in football, swimming, tennis, and skiing (since age 3). Former member of Hanyang University's American Football Team and Atlètic Sant Just FC.

Also trained in piano since age 6 and passionate about cross-cultural collaboration, travel, and experimental design.
